2. Mark on t window (out 3. Draw whe following sta 4. Finally, if to below. Exam 5. Take a cle	Use the graph paper below to draw your walls. Write down the dimensions of the walls (in inches). Mark on the walls the placement of windows and write down the following related lengths (in inches): from corner to window, & width of ndow (outside trim to outside trim). Draw where appliances are (i.e. fridge, stove, sink, etc.) and the widths of them. List heights of odd sized appliances. We assume the lowing standard widths for appliances: refrigerator 36", dishwasher 24", stove 30". Please let us know if you have a unique appliance. Finally, if there are any special requests you would like us to keep in mind when designing your kitchen, please let us know in the space low. Example: Please put Roll-Out Trays where possible Crown Moldings Glass Doors Decorative Side Panels etc. Take a clear picture or Scan into computer and upload to the design-help page. Requests can also be emailed directly to sign@cabinetgiant.com
